HIMALAYAN SALT THERAPY

Salt therapy, also called Halotherapy, is a natural therapy that has been practiced for over 100 years. It involves relaxing in a specialized room filled with dry salt particles to help cleanse the airways and skin, as well as aid recovery and general well-being.

HIMALAYAN SALT THERAPIES

Relax and take in the salt air inside our Himalayan Salt Therapy room. Inhaling the fine salt particles, which act like an expectorant, speeds mucus clearance and helps to improve respiratory function, while simultaneously eliminating bacteria and soothing the lungs.

With 30 or 60 minute sessions to choose from, you can relax in a cozy recliner and breathe in the salt particles. Or choose to pair your Salt Therapy session with a Himalayan Salt Stone Massage for the ultimate salt spa experience.
